

October 28, 2024

Dear Camila Vieira De Oliveira,

Congratulations on your acceptance to Alvernia University, a nationally recognized university dedicated to educating the next generation of leaders, for Spring Semester 2025.

We are pleased to announce that you have been accepted for a full course of study towards a Bachelor's Degree in Computer Science at Alvernia University, starting January 21, 2025 for the 2024-2025 academic year, with an estimated graduation date of May 2025.

After reviewing your academic achievements thus far, including your cumulative high schools grade point average of 2.0 or higher. Thus, we are confident that you are prepared for this next step in your educational journey. We know that you will thrive in the Alvernia University classrooms and community. Alvernia students, like you, are talented academically, and have a wide variety of accomplishments in leadership, service, athletics, and other activities.

Tuition and room and board (excluding comprehensive fee charges) for this program are as follows:

Tuition Spring 2025 \$22,500

Room and Board Spring 2025 \$7,730

To ensure your enrollment for Spring 2025, it is necessary that you provide an official Financial Guarantee/Statement and your official transcripts from the previous institutions that you attended.

If you completed a college level course in another country, please submit the foreign transfer evaluation form in order to transfer your foreign credits or to waive them when you transfer your program to Alvernia University.

To reserve your place in Spring 2025, it is necessary to forward a \$300.00 non-refundable enrollment deposit [online](#) along with your completed confirmation of enrollment form.

You have approval for full admissions, means that the International Admissions Office (sibel.ahi@alvernia.edu) will be in touch to assist you in the F-1 student visa process, to develop your academic plan, and to provide you with information about our International Student Orientation.

We look forward to welcoming to Alvernia University!

Sincerely,

Mary-Alice Ozechoski
Senior Vice President for Enrollment Management and Student Affairs

Alvernia University provides great support to international students. So that we can provide better support and services, we require all undergraduate students to reside on campus, and only grant exceptions to allow an undergraduate student to live off-campus in special circumstances. Please contact us if you need to request such an exception.

Campus Life:

If you have any questions about housing, campus engagement opportunities and off campus activities, you can reach us at international.admissions@alvernia.edu

Alvernia University requires all international students to attend the International Orientation Program.

Academic Support:

If you have any questions about your registration and academic plan, you can reach Dr. John Hepler, Director, Office of Multilingual Success via email at John.Hepler@alvernia.edu.

Tuition Information:

All international students must plan for payment in full or by enrolling in a payment plan. If students choose the payment plan option, they must submit the first payment of \$5,000 before entering the United States.

Your tuition amount will be the same when you register for between 12-18 credits each semester. Your I-20 will indicate additional costs, including fees, health insurance requirements, books, etc. We estimate each student will need \$6,000 per academic year to cover these additional costs, and this amount might change based on your personal expenses.

If there are questions, please contact me by email at Sibel.Ahi@Alvernia.edu or phone at 610-568-1473.

Sincerely,

A handwritten signature in black ink, appearing to read "Sibel Ahi", written over a light blue circular stamp.

Dr. Sibel Ahi, Director of International Student Recruitment
